

## WOMEN'S HEALTH IN WOMEN'S HANDS COMMUNITY HEALTH CENTRE

### RESEARCH PROJECT OVERVIEW

---

Title:	<b>INVOLVING ONTARIO HIV-POSITIVE WOMEN AND THEIR PROVIDERS IN DETERMINING THEIR RESEARCH NEEDS AND PRIORITIES</b>
Principal Investigator(s):	Dr. Mona Loutfy, Wangari Tharao
Co-Investigator(s):	Lynne Leonard, Winston Husbands, Trevor Hart, Louise Binder, Janet Raboud, Alan Li
Project Duration/ Funding:	CIHR HIV CBR program; AIDS Bureau, Ontario Ministry of Health and Long Term Care Duration: 2007 - 2011

---

#### **Project Summary:**

This project is a partnership between Women's College Hospital and Women's Health in Women's Hands CHC. Its aim is to determine what research topics are of interest to Ontario women living with HIV/AIDS and their providers. Target populations' input will help to ensure that HIV research is recognized as research for the community, not research on the community.
